

REAL PLASTER OF PARIS.—Messrs. CRUZZEL and Co., of Paris. Manufacturers of Plaster, and proprietors also of quarries, have concluded their arrangements for introducing into this country the **PURE PLASTER OF PARIS** which they have imported from France. They have a large stock in London that they are prepared to undertake all works of this kind and may be entrusted to them, and also to furnish every information that may be desired upon this material, which, by the superiority of its qualities and the moderation of its price, is adapted equally for works demanding great economy and for those of the most costly luxury. Address, personally or by letter, to Messrs. CRUZZEL and Co., 11, Rue de Valenciennes, No. 11, Valenciennes Street, Finsbury.
